

CURVO PLUS

www.cosign.nu

Curvo Plus is a modern, indoor sign system made from high-quality aluminium and executed in a stylish design with gently curved profiles and rounded corners.

The tabs with a stainless steel look keep the signs and the anti-reflective covers in place and give the signs extra cachet.

Moreover, the tabs are the same for all profiles. This limits the number of components and simplifies installation. It is possible to inscribe or print directly on the profiles.

För information på svenska, besök www.cosign.nu/h/category.html/curvo

Curvo Plus är ett modernt skyltsystem för inomhusbruk, tillverkat i högkvalitativ aluminium. Curvo skyltarna har en stilren, modern design med svagt konvex profil och runda hörn.

Skylten och frontplasten hålls ihop av fästen i rostfritt stål som bidrar till helhetsintrycket av skylten.

Fästena är dessutom samma till alla profilerna i skyltserien. Allt för att minska antalet komponenter och förenkla ihop monteringen av skyltarna.
