

# STRATO

[www.cosign.nu](http://www.cosign.nu)

STRATO is a flexible and contemporary sign system consisting of a series of soft curved profiles with square sides.

A paper inlay (in the most common DIN formats) can be inserted in the profiles behind a non-reflecting acrylic cover. Other inserts in plastic or metal are of course also possible as well as direct signage or printing on the profiles.

The user can choose between plastic and aluminium end caps for the finish. Recently, a few profiles and end caps were added to the range that ensure that 400 mm, 500 mm and 600 mm wide directories can be produced.

STRATO är ett flexibelt och gångbart skyltsystem som består av en serie svagt utbuktande, konvexa, skyltprofiler.

Ett ark med papper kan skjutas in mellan skyltprofilen och frontplasten, som är tillverkad i icke reflekterande akryl. Det finns standardmått på skyltarna som är anpassade efter DIN formaten (A-serien, tex A5, A4 osv). Naturligtvis kan man istället för frontplast och pappersinstick använda andra plast-, eller metallmaterial som man skjuter in i skyltprofilen. En annan variant är att montera skyltbudskapet i form av skuren folie eller en printad dekal direkt på skyltprofilen.

Förutom skyltprofilen i aluminium och frontplasten så behövs sidostycken antingen i aluminium eller plast för att färdigställa skylten. Förutom de mest vanliga formaten finns det numera profiler och sidostycken så att man kan göra skyltar så breda som 400mm, 500mm och 600mm.

För information på svenska, besök [www.cosign.nu/h/category.html/strato](http://www.cosign.nu/h/category.html/strato)
